

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

FIND WOMAN'S WIT UNCERTAIN

As When This Wife Failed to Appeal to Her Husband's Pity.

"Don't always rely upon the wifely wit of a woman," said the man who sometimes pleased to consider himself an oracle. "That ready wit business is sometimes prone to get 'way off.' For example, my wife and child were had been staying in the country for several weeks and I was regular with my letters, as every loving husband should be. Finally on the day before my wife was to start for home I concluded my letter to her with these words:

"This will be the last letter I will write to you for a long, long time." "When I got down to my office the next morning I found a telegram from my wife waiting for me. 'What on earth do you mean?' read the dispatch. 'Later a registered letter came from her. She had blotted almost every line with tears. What it was all about I could not imagine. 'Then my telephone bell rang, and when I answered I heard my wife's voice speaking over the long distance 'phone. 'Oh, John,' said she. 'Is that really you? I thought you had committed suicide!'"

Obituary.

Mrs. Martha A. Sanborn was born at St. Albans, Vermont, December 1, 1821, and died at Lawrence, Mich., October 24, 1908.

She was married to Heman Sanborn in the state of New York, and together they came to Michigan 55 years ago when the country was an almost unbroken wilderness.

Side by side they toiled together, suffering all the privations of pioneer life and deprived of many privileges they would have enjoyed. She lived at the old home 52 years and this long period of time was marked by many scenes of joy and sorrow.

The key note to her character was fidelity to duty. Bravely and nobly she bore the burden and responsibility of rearing a large family of children, 15 in number, seven of whom are living.

She sustained the loss of her companion six years ago, and since that time she has been so tenderly cared for that truly her "last days were her best days."

As the infirmities of old age crowded upon her, she loved to have read to her again and again a description of the New Jerusalem, that heavenly city whose builder and maker is God.

She also expressed a desire to reach heaven, where the toils and cares of life would cease and where the inhabitants never grow old.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood; they work night and day. When healthy they remove about 500 grains of impure matter daily, which, unhealthily, some part of this impure matter is left in the blood. Thus brings on many diseases and symptoms—pain in the back, head-ache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, obesity, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. A. W. Cummings, retired, Gremont, Paw Paw, says: "My husband has suffered a severe attack of kidney trouble. His back was so weak that at times he was unable to be about. He procured Doan's Kidney Pills at Longwell Bros' drug store and in a short time they removed every trace of the trouble. Seeing the good results in his case I tried them myself and it was only a short time before I was cured." (From statement given November 24, 1901.)

PERMANENT RESULTS.

On November 3, 1906, Mrs. Cummings was again interviewed and said: "Neither Mr. Cummings or myself have suffered the slightest trouble since we gave the statement in 1901. I am very glad to again recommend them."

Second Hand Buttons.

What becomes of all the old buttons? Is there a market for them? There is no accounting for pins, needles or hooks and eyes; but buttons are far more expensive. I know a young matron who has more than 4,000 buttons of all sizes and styles and materials, but she will never sew one on a child's garment. "I could never think of using a second-hand button!" she says, putting her little foot down. When she wants a button she sends to the shop for a card of new ones. "Give the old ones to Johnny and let him sell them," she said to her husband; and the poor man has been trying for a month to find a purchaser for Johnny's stock.

There's nothing so good for a sore throat as Dr. Thomas' Electric Oil. Cures it in a few hours. Relieves any pain in any part.

Expert Testimony.

A mountaineer intimated that he knew a great deal about a moonshiner on trial in a Kentucky court, and thereby got free transportation to Louisville to testify for the state.

"What can you tell us about this man?" asked the district attorney. "Well," he answered, swelling with importance, "I seen this feller riding along the road in the bet of a hot day on a jacking roan and, and awailing of a fine and blowing of a horn; and faw him at that war a Blue Grass horse or a Kentucky bred; and he said it was"—Harper's Weekly.

Doan's Regulax cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.

Stories.

"I wish," said the head heard land lord, "that you would watch the tenants in No. 3719. Be sure that they pay their rent in advance." "Very well," replied the clerk. "Have you found anything to make you suspicious of them?" "No," but they haven't asked for any repairs for nearly six weeks now. It doesn't look right."

Torturing eczema spreads its burning area every day. Doan's Ointment quickly stops its spreading, instantly removes the itching, cures it permanently. At any drug-store.

Amused.

"Just think," exclaimed the sweet boy graduate, "I have secured a position already and the head of the firm has promised to pay me what I am worth."

"Well, what of it?" "I did not think there was that much money in the world"—Houston Post.

Excellent Health Advice.

Mrs. M. M. Davidson of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, nervousness and torpor of the liver and bowels, is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at A. C. Martin's drug store. 50 cents.

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs Scott's Emulsion. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

SCOTT'S EMULSION

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.
